Three Reasons Why Team RIVA is the Best Choice for CIO-SP3 SB

TOP TALENT

OUR PEOPLE ARE OUR #1 ASSET

RIVA invests heavily in our people. Our consultants and community of practitioners are leading experts in Cloud, DevSecOps, AI/ML, RPA, Cyber, project management, and all facets of modernizing and deploying IT systems and solutions.

Our staff holds all major IT and PM certifications and are constantly participating in learning opportunities to experience the latest products and technology solutions to be able to deploy quickly for our customers.

DELIVERY EXCELLENCE

ELEVATE YOUR EXPECTATIONS

We challenge our clients to elevate their expectations and expect more out of their contractors. We make your mission, our mission. Our dedicated Portfolio Management team provides unmatched support to customers, partners, and employees on the ground.

Experience a smooth transition from contract award to delivery driven by our experienced portfolio managers supported by our technology platform, Project HealthCheck.

INNOVATION

POWERING SOLUTIONS FOR BETTER GOVERNMENT

Innovation is core to RIVA's approach to building better government. We work collaboratively with partners, clients, and academic institutions to co-create unique and innovative solutions using secure, cloud-based sandbox and testing environments.

Our Innovation Solution Center (ISC) develops cutting-edge, award-winning products and solutions which enable growth and quickly add value to clients and partners.
