

Excelicon is an **SBA-certified 8(a)** small business with over a decade of IT experience in providing Excellence in Technology Consulting through a transformative and innovative approach to meet your agency's IT challenges.

Our **A.I.M. METHODOLOGY**: **A**ssess **I**mprove **M**anage ensures that we deliver unmatched efficiencies on time, while our team of professionals is dedicated to developing, implementing, and maintaining your infrastructure for mission success.

**SAMPLE CLIENTS**

**CORE COMPETENCIES**

Excelicon provides secure and scalable **AGILE SecDevOps** to customize applications that fit government agency objectives and mission needs whether on-premise, in the Cloud, Hybrid, or FedRAMP-certified environments.

Excelicon's commitment to leading the way in emerging technologies like **ARTIFICIAL INTELLIGENCE**, Machine Learning, and Robotic Process Automation allows our clients to improve using these technologies through our partnerships and experience.

Excelicon utilizes **CLOUD SOLUTIONS** to focus on Infrastructure and Cloud Strategy, with Azure, AWS, and COCO experience across multiple agencies.

Excelicon's **CYBERSECURITY** Governance and Policy support reinforces Federal and State agency efforts to meet and comply with all mandates.

Excelicon's SMEs support our clients through the entire **GRANTS MANAGEMENT MODERNIZATION** system lifecycle with exceptional knowledge of the Grants Management Book of Knowledge (GMBok) and OMB requirements.

Excelicon's **OPERATIONS & MAINTENANCE** support increases our client's operational performance, system, and data availability, and overall efficiency through strong operations and maintenance teams.

Excelicon's **MANAGEMENT SERVICES** experience ranges from project and program management, PMO, administrative, production, and helpdesk support.

Excelicon's **DATA ANALYTICS** services assist our clients in transforming data into information that is essential to making thoughtful data-driven operational and analytical decisions.

Excelicon helps our government partners meet strategic and tactical **IT MODERNIZATION** goals, employing innovative thinking and emerging technologies.
